

# FM-60

## 120lbs - ELECTRO MAGNETIC LOCK

### Product Features

- Low power consumption with high efficiency.
- Reliable holding force: 120lbs.
- High strength material, anodized aluminum housing.
- Special anti-residual magnetic design makes automatic access control safer and more convenient.
- Durable and silence operation.
- Suitable for small doors, file cabinet, display cabinet etc.

### Technical Specifications

Model	FM-60
Holding Force	120lbs (60Kg)
Material	Aluminium alloy
Feature	Fail-safe: Power to lock
Voltage	DC 12V
Current	12V/100mA
Door	Single door
Lock Size	80Lx38Wx22H (mm)
Weight	600g
